

Medical Moulage and Simulation Workshop Days

Workshop Days are suitable for those that have either come on the Saviour Medical Zero- Hero Moulage course and are looking to refresh or advance their skills, or those with some training already in make up effects and are looking to learn more about Medical Simulation.

These days are completely bespoke to you and therefore the contents of the day is your choice. Learning is at your pace in a relaxed environment.

Examples of work covered on previous days are;

- Theory of Anatomy and Physiology and its relationship to wounds
- Sculpting and Casting Medical Flat Moulds
- Flat Mould Creation
- Advanced Flat Mould piece application
- Combining blood lines and bladders with pieces
- Advanced burn effects
- Skin tone blending with Alcohol Palettes
- Bruises and wounds with Alcohol Palettes
- Simple skills refreshing

Days are based on 1:2:1 tuition, however groups of up to 4 can be accommodated in the
